

## Anders and Dorrit's Community Park Concept Plan

*Input from Anders Olesen in 2010 and the community in 2013 has given life to the Anders & Dorrit's Community Park concept plan. It's now time to move forward with more detailed planning of this special Community Park!*

*The Regional District of Nanaimo is looking to the community to gage acceptance of the concept plan before moving on to the detailed design and construction phases.*

*Please take a few minutes to respond to this questionnaire and share your thoughts!*

*Two proposed site features shown in the 2018 Concept Plan that are new ideas from those considered in 2013 are:*

- 1) A gravel trail that parallels Jingle Pot Road, just inside the Park boundary.*
- 2) A culvert and foot bridge across the area that typically floods in the winter to allow year-round access of the 'River Walk,' a trail on the north side of the Millstone River. Note: no crossing of the Millstone River is proposed.*

Do you agree with the idea to provide a gravel trail as depicted in the concept?

YES

NO

Do you support improvements to allow year-round access to the 'River Walk'?
