## Notice to Residents: Blasting and Rock Crushing

Greater Nanaimo Pollution Control Centre - 4600 Hammond Bay Road  
Secondary Treatment Upgrade Project

**Blasting:** Now until late September 2017

**Rock Crushing:** Late June until October/November 2017

The Regional District of Nanaimo is now constructing the Greater Nanaimo Pollution Control Centre (GNPCC) Secondary Treatment Upgrade Project.

Go to [www.rdn.bc.ca/emailalerts](http://www.rdn.bc.ca/emailalerts) to subscribe to the email alert system and receive progress notifications on this project.

### Blasting:

The initial stage of blasting has begun and is scheduled to continue until late September 2017. All blasts will be monitored with blasting seismographs to record ground vibrations and sound volume. Work will typically take place from 7:00 am to 5:00 pm Monday to Saturday and will adhere to the City of Nanaimo Noise Control Bylaw 4750. Additional blasting is scheduled for the spring of 2018.

### Rock Crushing:

Rock crushing will begin in late June and is scheduled to continue until October or November 2017. Rock crushing will generate ongoing noise. Work will adhere to the City of Nanaimo Noise Control Bylaw 4750.

*A map of the project location is provided on the back of this notice. For more information, please visit [www.rdn.bc.ca/gnpcc](http://www.rdn.bc.ca/gnpcc), email [rcu@rdn.bc.ca](mailto:rcu@rdn.bc.ca), or contact James Haddou at 250-758-1157.*

Sincerely,

Sean De Pol

Manager of Wastewater Services
