Notice to Residents:

Re: Noise Bylaw Exemption Wednesday, October 10, 2018

North America Construction (1993) Ltd. (NAC) is constructing the Secondary Treatment Upgrade Project for the Regional District of Nanaimo's Greater Nanaimo Pollution Control Centre at 4600 Hammond Bay Road. Scheduled activities require work in an existing effluent channel to perform repairs and modifications. In order to complete this in a timely manner the work must begin in the early morning.

The City of Nanaimo has granted NAC a Noise Bylaw exemption to complete work on Wednesday, October 10, 2018 from 3:00 am to 7:00am. Neighbouring residents may notice noise and light during this time.

The morning work will involve the operation of electric pumps, hydrovac trucks, telehandler and small tools.

While we may request future Noise Bylaw exemptions, we will make efforts to keep construction activities within the regular construction hours.

Please call me to discuss if you need any further information. I may be reached at 250-751-4262 ext. 22 or on my cell at 250-714-3917.

Thank you,

Phillip Longo
Project Coordinator
