Important Mutual Fund Information

Morningstar® has provided the information used in this application. The statements contained herein are based on material believed to be reliable. Where such statements are based in whole or in part on information provided by third parties, they are not guaranteed to be accurate or complete. This tool does not provide individual financial, legal, tax or investment advice and is for information purposes only. Graphs and charts are used for illustrative purposes only and do not reflect future values or future performance of any fund. Particular investment or trading strategies should be evaluated relative to each individual's objectives and risk tolerance. TD Asset Management Inc. ("TDAM"), The Toronto-Dominion Bank and its affiliates and related entities are not liable for any errors or omissions in the information or for any loss or damage suffered.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus, which contains detailed investment information, before investing. The indicated rates of return (other than for each money market fund) are the historical annual compounded total returns for the period indicated including changes in unit value and reinvestment of distributions. The indicated rates of return for each money market fund is an annualized historical yield based on the seven-day period ended as indicated and annualized in the case of effective yield by compounding the seven day return and does not represent an actual one year return. The indicated rates of return do not take into account sales, redemption, distribution or optional charges or income taxes payable by any unitholder that would have reduced returns. Mutual funds are not covered by the Canada Deposit Insurance Corporation or by any other government deposit insurer and are not guaranteed or insured. Their values change frequently. There can be no assurances that a money market fund will be able to maintain its net asset value per unit at a constant amount or that the full amount of your investment will be returned to you. Past performance may not be repeated.

Regulatory restrictions prohibit TDAM from disclosing performance information for funds that have a history of less than one year.

TD Mutual Funds and the TD Managed Assets Program are managed by TD Asset Management Inc. a wholly owned subsidiary of The Toronto-Dominion Bank. Available through TD Investment Services Inc. (principal distributor), TD Waterhouse Canada Inc. (Member of the Canadian Investor Protection Fund) and independent dealers.

The Morningstar Risk-Adjusted Ratings (MRARs), commonly referred to as the Star Rating, relates the risk-adjusted performance of a fund to its peers within the same CIFSC Fund Category for the period ended as noted and are subject to change monthly. Morningstar calculates ratings for categories with at least 5 funds. To determine a fund's rating, the fund and its peers are ranked by their MRARs. If a fund scores in the top 10% of its category, it receives five stars (High); if it falls in the next 22.5%, it receives four stars (Above Average); the next 35% earns a fund three stars (Neutral or Average); those in the next 22.5% receive two stars (Below Average); and the lowest 10% receive one star (Low). The Overall Rating is a weighted combination of the 3, 5, and 10-year ratings. For greater detail see www.morningstar.ca

Quartile rankings are compiled by sorting the funds by one-year return and range from 1 to 4 for all time periods covered and can change monthly. The top performing 25% of funds in each fund category are assigned a ranking of 1, the next 25% a 2, etc.

In July 2010, the name of the TD Comfort Moderate Portfolio was changed to TD Comfort Balanced Portfolio. Also, the name of the TD Comfort Balanced Portfolio existing prior to July 2010 was changed to TD Comfort Balanced Growth Portfolio.

In December 2006, the investment objective of the TD North American Dividend Fund (formerly TD U.S. Equity Fund) changed to permit the Fund to invest primarily in income-producing securities in North America. The Fund was previously required to invest primarily in large-cap companies in the U.S. If the change had been in effect previously, the Fund's performance could have been materially different.

In December 2006, the investment objective of the TD Diversified Monthly Income Fund (formerly TD Monthly High Income Fund) changed to permit the Fund to invest primarily in income-producing securities. The Fund was previously required to invest primarily in Canadian equities, bonds and short-term instruments. If the change had been in effect previously, the Fund's performance could have been materially different.

In December 2006, the investment objective of the TD Global Equity Advantage Portfolio (formerly TD Global Asset Allocation Fund) changed to permit the Portfolio to invest directly or indirectly in equity securities, including through other mutual funds. The Portfolio was previously required to primarily use derivatives to obtain exposure to global stocks, bonds and currency markets. If the change had been in effect previously, the Portfolio's performance could have been materially different.

In December 2006, the investment objective of the TD U.S. Quantitative Equity Fund (formerly TD AmeriGrowth RSP Fund) changed.

In December 2006, the investment objective of the TD Global Bond Fund (formerly TD Global RSP Bond Fund) changed.

In December 2006, the investment objective of the TD International Index Currency Neutral Fund (formerly TD International RSP Index Fund) changed.

In December 2006, the investment objective of the TD U.S. Index Currency Fund (formerly TD U.S. RSP Index Fund) changed.

In December 2006, the name of the TD Nasdaq RSP Index Fund was changed to TD Nasdaq® Index Fund.

In October 2005, the TD AsiaGrowth RSP Fund was renamed the TD Pacific Rim Fund.

TD Index Funds seek to track the performance of the corresponding index primarily through the use of derivatives. The performance of the TD Index Funds are expected to be lower than the performance of the corresponding index.
