DISCLAIMER

Proposed Trail
While some trails exist in the Parksville - Qualicum Beach area, most trails and urban paths shown here are proposed only. These proposals are intended to generate discussion before final plans are made and landowners approached regarding access.

Proposed Routes may be shown crossing Private Lands.
Where a proposed trail crosses private land, the Regional Trail System is not implying that private landowners have agreed to a trail on their land, or that they should be expected to make such a commitment. However, we would like to discuss the possibility with them and invite them to join the Regional Trail System partnership.
