PAGE: 1 of 2
RFP: 2017 — 01

ADDENDUM #2

This Addendum is in addition to and forms part of the RFP. The cost, if any, of these revisions shall be included in the Bid Price. All Proponents shall acknowledge receipt and acceptance of this Addendum by indicating Addendum number, date and description on the Tender form provided.

This Addendum has been prepared to provide additional information from email queries.

Item 1 **Technical Specifications**

Question 1 - EVFD Technical Specifications Item 358. (page 90) ELECTRICAL – BROW LIGHT – RIGID INDUSTRIES E-SERIES LED – 40” SPOT/FLOOD calls for Rigid Industries “E-series” and also “SR Series”, please indicate the desired Rigid Industries model.

Answer 1 — The desired Rigid Industries model is “SR Series”.

Question 2 - EVFD Technical Specifications Item 358. (page 90) ELECTRICAL – BROW LIGHT – RIGID INDUSTRIES E-SERIES LED – 40” SPOT/FLOOD calls for one (1) light bar supplied and mounted above the cab side doors, one light each side. On page 91, the spec states “the light will be centered on the front of the roof forward of the light bar”. Please clarify the desired quantity for Rigid Industries light bar(s) and location of each.

Answer 2 —The desired quantity is one (1) and the bar is to be centered.

Question 3 – Please provide the brand and model EVFD is using for SCBA cylinders. We need to ensure the SCBA storage as requested will suit the department’s bottles.

Answer 3 – The EVFD is using MSA breathing apparatus 45 minute and one (1) hour bottles.

Item 2 **Optional Equipment**

Question 1 — EVFD OPTIONAL EQUIPMENT: Line 2 asks for One (1) 1 ¾ pony hose from connection to rear of truck. Please confirm the approximate length of the 1 ¾ pony hose. Is the intent to provide a hose from the forward hose bed pre-connect to the rear of the truck (approximately 15’ long)?

Answer 1 — Approximately 15’ long is good.

Question 2 - EVFD OPTIONAL EQUIPMENT: Line 3 asks for One (1) 2 ½ pony hose from connection to rear of truck. Please confirm the approximate length of the 2 ½ pony hose. Is the intent to provide a hose from the forward hose bed pre-connect to the rear of the truck (approximately 15’ long)?

Answer 2 – Approximately 15’ long is good.

Question 3 - EVFD OPTIONAL EQUIPMENT: Line 14 asks for Two (2) Task Force Tips 1 ½” ball valve shutoffs with pistol grip, 1 1/16” smooth bore tip & forestry couplings. Please confirm the following ball valve shutoff c/w 1 1/16” smooth bore tip and ¼ turn forestry
