

## REQUEST FOR PROPOSALS

### Little Qualicum River Bridge Replacement – Consulting Engineering Design Services

**Addendum 1 (2 pages)  
Issued: July 4, 2018**

**Closing Date & Time: before 3:00 PM (15:00 hrs) Pacific Time on July 13, 2018**

This addendum shall be read in conjunction with and considered as an integral part of the Request for Proposals. Revisions supersede the information contained in the original Proposal or previously issued Addendum. No consideration will be allowed for any extras due to any Proponent not being familiar with the contents of this Addendum. All other terms and conditions remain the same.

#### 1. Questions & Answers

Q1. Is a survey by a BC Land Surveyor required (Section 4.A.a of the RFP)? Or would a topographic survey completed by a non-BCLS be acceptable?

A1. Yes. A BC Land Surveyor is required.

Q2. The evaluation criteria does not include a Methodology section. Do RDN expect a methodology/work plan as part of the proposal?

A2. A work plan is not required as part of the proposal.

Q3. Section 4 of the Instructions to Proponents states that coordination with RDN Emergency Services is required near the end of Phase 1. However this coordination is not included in Phase 1 work under section 5A for phase 1 scope of work. Please clarify.

A3. Coordination with Emergency Services will be required near the end of Phase 1.

Q4. Section 5 of the Instructions to Proponents states that coordination with RDN Current Planning for DPA submission timelines is required during Phase 1 Preliminary and Detailed Design. However, it was mentioned during June 28th's site visit that all permits will be handled in phase 2 and phase 3. Please confirm or clarify.

6300 Hammond Bay Road, Nanaimo, B.C. V9T 6N2

A4. Coordination with RDN Current Planning will be required in Phase 1 to establish requirements and a timeline for deliverables. Permitting is not anticipated at this point in the process prior to Regional Board review.

Q5. It appears the geotechnical report for the bridge site is not available. Should the proponent include any cost associated with site investigation?

A5. Please ensure that you anticipate services from professionals that would allow you to be satisfied with the feasibility of your design for the intended bridge site. The RDN would expect that Geotechnical Services is an anticipated professional service to be provided for this project.
