General Inquiries

Question 1: What are the overhead power lines and has BC Hydro been consulted?

Answer 1: According to BC Hydro, the overhead power lines are 25KV and located within a S.R.W. The successful contractor will be required to obtain a WorkSafe BC form **30M33**, and contact Elis Mant, BC Hydro Line Manager (Qualicum Beach) to review requirements prior to construction (elis.mant@bchydro.com).

The Contractor shall complete and submit form **30M33** to the satisfaction of WorkSafe BC and BC Hydro. Compliance with all Occupational Health and Safety Regulations, Part 19 is the responsibility of the Contractor.

Amendments
