### *Professional Engineering Services*

*For*

### *Greater Nanaimo Pollution Control Center Works and Services*

#### ***Addendum #1 - April 24, 2017***

- Q1)** Are we expected to retain a legal surveyor to confirm the 15m setback from Wally Creek?
- A1)** No, the environmental setback is defined by the chain link fence location.
- Q2)** Is it anticipated that the existing hydro poles will remain in place?
- A2)** Yes.
- Q3)** Will we need to have a biologist on our team?
- A3)** No, the City of Nanaimo Environmental Coordinator will be providing advice regarding the setbacks required for proposed works
