**Subject:** Variance permit Re: Strata LotC, DL 36, Newcastle D. Strata plan VIS3777

I am writing to support the application of the above mentioned lot to receive a height variance for their development permit. My husband and I own Strata Lot A of the three strata lots in Strata Plan VIS3777. We are on the bluff and will overlook the proposed house on Lot C. We have no objections to these plans.

Thank you for your consideration.
